ABOUT IOU

The Islamic Online University (IOU) is the brainchild of Dr. Abu Ameenah Bilal Philips, launched in 2007 from Qatar offering more than 24 short free diploma courses. By the beginning of 2016, its total registered student body has reached more than 225,000 from 229 countries in the world. IOU has the distinction of having the most diverse student body of any university in the world.

In March 2010, the IOU introduced the world's first tuition-free, online Bachelor of Arts in Islamic Studies based on a modified curriculum derived from those of the Islamic University of Madeenah, Omdurman Islamic University, Sudan, and Al-Azhar University, Cairo.

In 2014, the IOU announced four new departments: Department of Education, Department of Islamic Economics, Banking and Finance, Department of Psychology, and Department of Arabic Language and Linguistics. One year later, in 2015, IOU added two more departments: Department of Information Technology and Department of Business Administration.

Department of Business Administration

Typically, the business administration programs are designed to provide students with comprehensive knowledge of the basic functional areas of business and their interconnection, while also allowing for specialization in a particular area. However, this subject is often taught completely from a secular perspective. Hence, students remain unaware of the rich legacy of the Islamic principles in the fields of accounting, management, finance, entrepreneurship and leadership.

PROGRAMS

Bachelor of Business Administration (B.B.A.)

This is a four-year accredited degree program. IOU also offers two non-accredited alternative streams for those who do not meet the minimum requirements or do not wish to take exams. Please see Streams for more details.

Associate Degree in Business Administration (A.B.A.)

Two-year program (four semesters)

Certificate in Business Administration (C.B.A.)

One-year program (two semesters)

Minimum requirement for all programs is a high school diploma unless stated otherwise. The undergraduate degree program in Business Administration may be completed in a maximum twelve years. Certificate or Diploma in Business Administration can later be forwarded towards the Diploma or Bachelor's degree in Business Administration.

MISSION

The Islamic Online University aims to grant global access to quality undergraduate, graduate and postgraduate level Islamic and Islamized educational programs for students at virtually no cost. Its mission is to be a catalyst for change in the global Muslim nation in order to facilitate their contribution to the progress of human civilization. Its motto is

"Changing the Nation through Education."
